

Designing a Loving Legacy

Estate Planning With a Purpose Saturday, February 9, 10:00 a.m.-12 noon

We live in a culture that avoids talking about and dealing with that which is inevitable for all of us... the experience of coming to the end of our life here on earth. When we DO choose to face this reality, it can become a process that is empowering and freeing, allowing us to move from denial and fear to a place of **experiencing peace and leaving a legacy.**

Workshop Location:
The Journey Center
1601 Fourth Street
Santa Rosa

In this workshop, Roy Johnston, an experienced attorney, guides us in exploring legal and financial issues and discerning the path that is best for us to take in our planning.

Cost: \$10 suggested donation.

Registration required.

Register on our website (www.journeycenter.org) or by calling the Journey Center at 707-578-2121.
