## Tamara J. Buchan

Author Tamara J Buchan is an engaging speaker, author and teacher who loves to explore how we can live into the “More” we were meant to experience in life. Visit Tamara’s website at: [www.ReclaimIdentity.org](http://www.ReclaimIdentity.org). Cost: \$40, which includes a book.

The embrace of God’s powerfully loving arms began in a green garden long ago. To live loved was the original design. We’ve wandered and gotten lost, lived for less, and walked a winding road. However, the fresh, pure, living embrace of God who knows us as beloved child is available to each of us, right now. It’s up to us to reclaim what’s been ours all along! This book study will include teaching, small group exploration and experiential response as we discover God’s embracing love. No preparation needed.
