

IN PURSUIT OF WHOLENESS

In Pursuit of Wholeness: Exploring the Four Jungian Masculine Archetypes

This introductory workshop is for men desiring to understand and embrace the building blocks of the mature masculine. These “archetypes”— King, Warrior, Magician and Lover—make up a blueprint of the collective unconscious that contributes to forming us as men. By way of teaching, conversation and prayer, you will discover how, in combination with your faith, the archetypes help call us forth in our spiritual journey and create wholeness.

Spiritual director, Christopher Huber has a passion for encouraging men and walking alongside them in their spiritual journey.
