

Discerning God's Voice In Wild Places

"In the wild, our hearts open more widely to God!"

Sunday, March 13, 6:30-8 pm

When we face uncertainty in our lives we are called to bring the most important matters of our hearts to the One who claims us as Beloved.

After Jesus was baptized by John he journeyed into the wild to discern God's voice. By entering into these wild places, our hearts too can open more widely to God allowing us to hear His voice more clearly.

If you are drawn to wild places, or would like to be drawn, join Spiritual Director Julie Miller and Spiritual Director/Wilderness Guide Nancy Wiens to hear about a wilderness rite of passage.

This is a free workshop. Please register if you plan to attend.
